Winecellar excursion

vineyard visit, tasting of 5 wines and snacks

Butxet bodega is one of the smallest wineries on the island but surely the most interesting one. Located a stones throw from the pretty village of Muro it welcomes wine lovers.

Located on the outskirts of the village of Muro, Celler Butxet is a small vineyard with a production of around 10000 bottles each year, meaning they focus on quality rather than quantity. We are proud to offer you the opportunity to make a small group visit to the bodega and experience its idyllic surroundings and wines. The location of the bodega benefits greatly from its seaward terroir and maritime influences giving ideal growing conditions. The vineyard is young but benefits from the experience of its owners who are considered one of the most innovative wine-producing families on the island.

On our visit, you will have the opportunity to taste five wines produced on-site, accompanied by snacks made with locally sourced products.

Our winecellar is a popular activity so please reserve in advance and don't miss this excellent opportunity.

What's included?
